

Curriculum activity risk assessment

Snorkelling, Open Water

clever • skilled • creative

Activity scope

This document relates to Snorkelling as a curriculum activity. This may include swimming on the surface of the water using snorkelling equipment, or breath-hold diving and swimming below the surface for a relatively sustained period of time.

This document refers to snorkelling undertaken at any venue other than a swimming pool.

Risk level

The actual risk level will vary according to the specific circumstances of the activity and these **must** be considered when assessing the inherent risk level and planning the activity. As a starting point, ask the following questions:

- Which students will be involved?
- Where will the students be?
- What will the students be doing?
- Who will be leading the activity?
- What will the students be using?

Inherent risk level		Action required / approval
<input type="checkbox"/>	High Likely chance of a serious incident and injury requiring medical treatment	<input checked="" type="checkbox"/> A <i>Curriculum Activity Risk Assessment</i> must be completed. <input checked="" type="checkbox"/> Principal or delegated Deputy Principal or Head of Program (i.e. HOD, HOSES, HOC) to review and approve risk assessment. <input checked="" type="checkbox"/> Obtaining parental permission is recommended. <input checked="" type="checkbox"/> Once approved, activity details are to be entered into the <i>School Curriculum Activity Register</i> .

Teachers/leaders:

Activity description:

Start date:

Finish date:

No of students (approx.):

Class groups:

Supervision ratio (approx.):

Listed below are the minimum recommendations for this type of activity. For any items ticked 'No', provide further information regarding the additional or alternate controls to be implemented for the safe conduct of the activity.

Minimum supervision

Adequate adult supervision is to be provided. In determining what is adequate, consider the number of students, their individual needs, and the nature of the activity. If an adult other than a registered teacher is engaged for instruction, a teacher should be present to take overall responsibility. [Blue Card](#) requirements **must** be adhered to.

Registered teacher with minimum qualifications as outlined below

OR

An adult with minimum qualifications as outlined below, in the presence of a registered teacher

Two adults including:

a registered teacher

one adult with the minimum qualifications outlined below

Two adults ready to enter the water at ALL times

Note: Additional adult supervision may be required depending on:

- individual needs and number of students
- conditions/characteristics of the dive (site/route) plan
- profile of the group including their degree of training and experience
- purpose of the activity
- experience of the leader(s).

Further information:

Minimum qualifications

The qualifications listed in this section are minimums for each type of situation. Leaders are encouraged to seek training to raise their qualification level above the minimum listed.

Current first aid qualifications including Cardio Pulmonary Resuscitation (CPR)

If within one hour from definitive medical care, senior first aid qualifications are required

If beyond one hour from definitive medical care, an advanced wilderness/remote first aid qualification is required.

[Blue Card](#) requirements met

For a registered teacher:

a statement of attainment from a registered training organisation covering the following units of competence:

- SROS NK001A — Participate in snorkelling activities
- SROS NK002A — Guide snorkelling activities
- SRCAQU003A — Respond to an aquatic emergency using basic water rescue techniques
- SROS NK003A — Instruct snorkelling skills

OR

Minimum qualifications

The qualifications listed in this section are minimums for each type of situation. Leaders are encouraged to seek training to raise their qualification level above the minimum listed.

Certificate III in Sport and Recreation or Outdoor Recreation or a Diploma of Outdoor Recreation, with specialisations in appropriate activities

OR

a registered leader under the National Outdoor Leader Registration Scheme, at the level of snorkelling/wildlife swims guide.

OR

a statement of attainment from a registered training organisation covering the following unit of competence:

- SISOSNK303A Instruct snorkelling skills

OR

For a leader other than a registered teacher:

a statement of attainment for a nationally recognised course, at snorkelling guide level, from a Registered Training Organisation

OR

Certificate III in Sport and Recreation or Outdoor Recreation or a Diploma of Outdoor Recreation, with specialisations in appropriate activities

OR

a registered leader under the National Outdoor Leader Registration, at the level of snorkelling/ wildlife swims guide

OR

a level two certificate in NCAS

OR

competency in National Association of SCUBA Diving Schools (NASDS): assistant SCUBA instructor

OR

competency in SCUBA Schools International (SSI): snorkel instructor, dive controller or associate instructor

OR

competency in Professional Association of Diving Instructors (PADI) and National Association of Underwater Instructors (NAUI): assistant scuba instructor

OR

AUF snorkelling coaching qualification and appropriate rescue/resuscitation qualification being any of the following:

- surf bronze medallion
- surf rescue certificate
- any in water SCUBA rescue qualification
- lifesaving bronze
- rescue diver qualification or higher qualification

AND

- oxygen provider qualification.

Support staff (assistants) must be at least 17 years of age and must hold an approved entry-level snorkel qualification.

Further information:

Minimum equipment/facilities <i>If 'No' is ticked, provide further information.</i>	Yes	No
First aid kit suitable for activity	<input type="checkbox"/>	<input type="checkbox"/>
Communication system: <input type="checkbox"/> phone-line at location <input type="checkbox"/> mobile phone <input type="checkbox"/> walkie talkies/UHF radio <input type="checkbox"/> student/adult messenger Other:		
Sun safety equipment (hat, sunscreen, shirt etc)	<input type="checkbox"/>	<input type="checkbox"/>
Dive flags	<input type="checkbox"/>	<input type="checkbox"/>
Drinking water (students should not share drinking containers)	<input type="checkbox"/>	<input type="checkbox"/>
Flotation and reaching aids (Reaching aids may include light-weight poles, dive flag, noodles or ropes with a float attached.)	<input type="checkbox"/>	<input type="checkbox"/>
Further information:		

Governing bodies/associations	Yes	No
Guidelines/codes of practice are established for this activity. See: Maritime Safety Queensland ; Marine Teachers' Association of Queensland Have these been considered during the planning of this activity?	<input type="checkbox"/>	<input type="checkbox"/>

Hazards and suggested control measures

All persons engaging in this activity should:

- identify the hazards, including any additional hazards not mentioned here
- assess their significance
- manage the potential risks.

Listed below are indicative hazards/risks and suggested control measures. They are by no means exhaustive lists. After checking these, add details of any other identified hazards/risks and additional controls you intend to implement.

Hazards/risks	Control measures	Yes	No	Implementation plan / Additional controls
Animal bites/diseases <ul style="list-style-type: none"> • Marine stingers • Dangerous animals 	<ul style="list-style-type: none"> • Adhere to the Surf Life Saving Queensland Marine Stinger Risk Management Guidelines. 	<input type="checkbox"/>	<input type="checkbox"/>	
Biological material <ul style="list-style-type: none"> • Bodily fluids (e.g. blood, sweat, saliva) 	<ul style="list-style-type: none"> • Comply with Infection Control Guideline. Students with open cuts and abrasions are to be removed from the activity and treated immediately. If bleeding cannot be controlled completely, the participant should not be allowed to return to the activity. All clothing, equipment and surfaces contaminated by blood should be treated as potentially infectious. 	<input type="checkbox"/>	<input type="checkbox"/>	
Environmental conditions <ul style="list-style-type: none"> • Tides • Weather • Temperature • Visibility 	<ul style="list-style-type: none"> • Assess weather conditions (e.g. temperature, storms) before and during activity. • Select dive location having regard for the: <ul style="list-style-type: none"> ○ depth of water ○ tidal flow and currents ○ visibility ○ water temperature ○ underwater vegetation ○ marine life ○ protection from watercraft. 	<input type="checkbox"/>	<input type="checkbox"/>	
Physical exertion <ul style="list-style-type: none"> • Strains and sprains • Cramps • Exhaustion and fatigue 	<ul style="list-style-type: none"> • Ensure that appropriate warm-up and warm-down exercises are implemented. • Follow progressive and sequential skills development. • Continuously monitor students for signs of fatigue and exhaustion. 	<input type="checkbox"/>	<input type="checkbox"/>	
Students	<ul style="list-style-type: none"> • Obtain parental permission, including medical information. 	<input type="checkbox"/>	<input type="checkbox"/>	

Submitted by:	Date:
List the names of those who were involved in the preparation of this risk assessment.	

Approval
